

SET 9 (For Loop)

1. Write a program to get the following output

**1
22
333
4444
55555**

2. Write a program to get the following output

**54321
5432
543
54
5_____**

3. Write a program to get the following output

**5
54
543
5432
54321**

4. Write a program to get the following output

**5
45
345
2345
12345**

5. Write a program to get the following output

**5
45
345
2345
12345**

6. Write a program to get the following output

```
12345
1234
123
12
1
```

7. Write a program to get the following output

```
12345
 2345
   345
    45
     5
```

8. Write a program to get the following output

```
1
33
555
7777
99999
```

9. Write a program to get the following output

```
2
44
666
8888
10101010
```

10. Write a program to get the following output

```
1
2 3
4 5 6
7 8 9 10
11 12 13 14 15
```
