

**SET 7**

**( Switch Case - For Loop)**

1. Write a program to perform the different arithmetic operations based on the user choice in symbolic form using Switch Case

**For Loop**

2. Write a program to Print number from 1 to n
3. Write a program to Print even number from 372 to 853
4. Write a program to print the odd numbers from 910 to 543
5. Write a program to Print the number which are divisible by 3 and 7 from 1 to n
6. Write a program to print the numbers from 567 to 134 which are divisible 9 and not by 6
7. Write a program to find sum up to n
8. Write a program to find the factorial of a number
9. Write a program to print 1,4,9,16,25,36,49,64,81,100
10. Write a program to find the mean and Standard deviation from 1 to n and print the elements in the range of  $\mu - SD$  to  $\mu + SD$
